

Construction Work Week 13

(24.3.–28.3.2025)

Blasting work will begin on Wednesday, March 26th, and is expected to continue until the end of April. Noisy work will be carried out according to the city's decision between 7:00 and 18:00. In the areas closest to Riistavuori Senior Center, noisy work will be done between 8:00 and 16:00.

Contractor Ralf Ajalin Oy will also inform nearby residents through paper distribution. Properties in the affected area will be inspected, and vibrations caused by the work will be monitored with vibration meters.

March–April

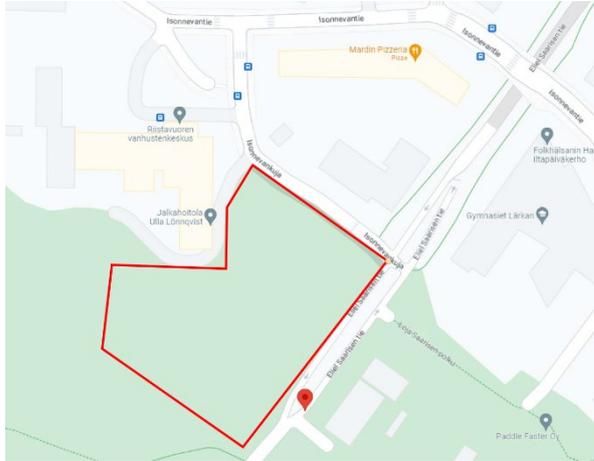

The schedule for the piling work, which will start alongside the blasting work, will be further specified.
